

the "WHAT'S" of adolescent life

*Have you ever found yourself watching television or reading a magazine and being
bombarded with questions regarding your children;
never quite knowing what they need or what to do to help them?*

Mobile Mock Bedroom

Clinical Outcomes Group has partnered with the Schuylkill County Drug and Alcohol Commission to create a “Mobile Mock Teenager’s Bedroom” to help educate parents of the hidden dangers that may be lurking in their children’s bedrooms.

The mobile bedroom is accessible to schools, health fairs, and anyone interested in providing education and awareness of the many issues that plague our youth, today.

Interested parties should contact Alicia Fleischut of Clinical Outcomes Group at 570-628-6990.
